## Bethel Girl on TV Sunday

Shirley M. Bartlett, 18, of Bethel, has been selected as one of 10 top 4-H club members from throughout the United States to appear on a coast-to-coast television program on the NBC-TV network.

Miss Bartlett will appear on the "Youth Wants to Know" program from 1 to 1:30 EDT on Sunday afternoon, June 21. The show is a young people's forum on public affairs. The 4-H delegates, along with a group of Junior Red Cross workers, will ask General Hoyt Vandenberg questions as time permits.

The 10 4-H club members who will take part are delegates to the National 4-H Club Camp at Washington, D. C., from June 17 to 24. The 4-H club members selected, in addition to Miss Bartlett, are from Florida, Illinois, Nebraska, North Dakota, Oklahoma, Oregon, Pennsylvania, Virginia, and Idaho. Five are boys and five girls.

Maine's only television station, WABU-TV in Bangor, reports that it will not be able to carry the show.

## HATHAWAY - ROGERS

The Bryant Pond Baptist Church, prettily decorated with altar baskets of flowers, was the scene of a lovely wedding Saturday afternoon, June 13, at 2:00 p. m. when Miss Althea Marie Rogers, daughter of the late Ruby L. Rogers, became the bride of John Albert Hathaway, son of Mr. and Mrs. Lester Hathaway Woodstock. The double ring ceremony was performed by Rev. Roland M. Lord, pastor of the North Paris Church. The soloist was Miss Jean Carlin, who sang, "Because," "I Love You Truly," and "O Promise Me."

The bride's gown of white nylon lace and net over satin was fashioned with not yoke, lace sleeves, fitted lace bodice and full skirt of net over satin with lace panels. She carried a white Bible and roses. She was attended by her twin sister, Miss Alfreida M. Rogers, as maid of honor, and by Althea Pierce and Mary Cobb as bridesmaids. Mrs. Pierce wore baby blue taffeta, with nylon net and lace, and Mrs. Cobb pink taffeta, with nylon net and lace. They carried colonial bouquets. Alton Hathaway, brother of the groom, was the best man, and ushers were Burton Hathaway and Herbert Dunham. Miss Gloria Lowe was flower girl, wearing Nile green taffeta. The groom's gift to the bride was a necklace, to the best man and ushers tie clasps. The bride's gifts to her attendants were pearls.

Immediately following the ceremony, a reception was held at the Hall. In the receiving line were the bride and groom, the best man, maid of honor, bridesmaids, ushers, Mr. and Mrs. Lester Hathaway, Mr. and Mrs. Ernest Day. The guest book was in charge of Miss Mary Dunham; while Misses Margaret and Esther Cary had charge of the gifts. Those serving were Mrs. Ann Swan, Mrs. Lois Day, Mrs. Alice McInnis and Mrs. Beatrice Judkins. May out-of-town guests were present.

The couple left for a short wedding trip, the bride wearing a Coronation blue suit with white accents, and corsage of white roses. The bride graduated from Woodstock High School last week. She is a member of the Bryant Pond Baptist Church.

Mr. Hathaway graduated from Woodstock High, class of 1951, and is employed at Paul Thurston's dairy farm, Bethel. They will be at home at Bethel after June 22.

## MRS. ELLA E. EMERY

Mrs. Ella Emery died Sunday morning at Douglass nursing home, Bridgton, after a lingering illness.

She was born in Bethel, Aug. 6, 1866, the daughter of William and Elizabeth Barker Emery.

She was graduated from Gould Academy in 1885, taught several years in Bethel schools, and for a time at the Industrial School, Waltham, Mass. She lived all her life in Bethel and was a member of Bear River Grange.

Survivors include her husband, Walter Emery, Bethel; a son, Kenneth, Bethel; two daughters, Mrs. Richard Verville, Melrose, Mass.; Mrs. Kenneth Wight, Bethel; a sister, Mrs. James O'Neill, Melrose, Mass.; five grandchildren and two great-grandchildren.

Funeral services were held at the Greenleaf funeral home Tuesday, Rev. Charles Pendleton officiating. Interment was in Mount Will Cemetery.

## MRS. PERCY O. BRINCK

Mrs. Annetta Brinck died at the home of her daughter, Mrs. Perol Godwin, Bethel, Tuesday.

She was born in New Bedford, Mass., Jan. 30, 1882, and was a long time resident of Bethel and Newry. She was a member of Sunset Rebekah Lodge, Bethel, Pythian Sisters, Hanover, and Norway Congregational Church.

On May 1, 1950, she was married to Percy O. Brinck, who passed away on May 8, 1950.

She is survived by three daughters, Mrs. Perol Godwin, Bethel, Mrs. Madeline Dudley, Bangor, Mrs. Kathryn Lewis Springfield, Mass., and three grandchildren.

Funeral services were held Thursday afternoon at 2 o'clock from the Huff funeral home, South Paris. Burial was at Norway Pine Grove Cemetery.

## STEPHEN E. STEARNS

Stephen Etheridge Stearns formerly of Bethel died suddenly on Tuesday morning at his home, 241 Walden Street, Rumford.

He was the son of Adeline J. and Ruth Etheridge Stearns and was born in Andover on April 15, 1934.

Surviving besides his mother are two half sisters, Alberta of Denmark, and Mrs. Priscilla Murphy, Rangely; two half brothers, Adeline Stearns and Robert Farwell.

Funeral services were held at the Greenleaf funeral home Thursday afternoon at 2 o'clock. Rev. Robert Carter officiated. Interment was in Mount Will Cemetery.

## MELVILLE - LURVEY

In a double ring ceremony at the Locke Mills Union Church Sunday evening Miss Beverly Anne Lurvey, daughter of Mr. and Mrs. Merle Lurvey, became the bride of Richard Francis Melville, son of Mr. and Mrs. Charles Melville. The Rev. Charles Pendleton performed the ceremony.

The church was decorated with evergreens, flowers, bells, bows and streamers. Organ solos were rendered by Frank Flint.

The bride, carrying a colonial bouquet, wore a gown of nylon with long net sleeves and yoke. Her veil was of fingertip length, with coronation crown with seed pearls. The maid of honor was Miss Marlene Marshall, cousin of the bride, who wore orchid taffeta with nylon net over skirt. The bridesmaids, Mrs. Frank Hunt Jr., of Bethel, and Mrs. Barbara Wakes, field, wore yellow taffeta with nylon net over skirt. All carried mixed bouquets.

The flower girl and ring bearer were Ruth Frances Tebbets and Paul Eugene Tebbets, children of Mr. and Mrs. John Tebbets.

Charles Stanley Melville, brother of the groom, was best man, and the ushers were Harry Swan Jr. and Merle Lang.

Immediately following the ceremony a reception was held in the Town Hall. Punch was served by Mrs. Kenneth Swan, while the Misses Barbara Cole and Gail Brooks served cake. In charge of gifts were the Misses Shirley Bartlett, Henrietta Swain, Lillian Guernsey and Marie Mills. Mrs. Harry Swan Jr. was in charge of the guest book. The cake was made and given by Mrs. Harold Marshall, aunt of the bride.

The bride is a graduate of Gould Academy this year. The groom, who graduated from Gould Academy in 1948, is serving in the U. S. Navy as a U. S. 1st aboard the U. S. S. Vulcan.

For travelling the bride wore a grey suit with yellow accessories. After a wedding trip the couple will reside at Newport, R. I.

Mr. and Mrs. Edward Ireland are at their camp at Kesar Lake.

## Savings Bank Reports Gains

The annual meeting of the Bethel Savings Bank corporators was held at the Legion Rooms, Wednesday night, June 10, 1953, after a fine supper served by the Legion Auxiliary. Frank A. Brown and P. H. Chadbourne were re-elected and Dana Brooks elected as an additional corporator.

The treasurer's report was accepted showing substantial gains in deposits and income and a broadening of services rendered to depositors and borrowers. Dividends paid during the fiscal year aggregated 3 1/2%.

The following trustees were re-elected: Carroll Abbott, Elmer Allen, Kimball Ames, Ernest Blase, D. Grover Brooks, Henry Hastings and Robert Hastings. They in turn re-elected Kimball Ames, President; D. Grover Brooks, Treasurer and Secretary; Elmer Allen, Ernest Blase and Kimball Ames as the Investment Committee; Henry Hastings and Elmer Allen as the Examining Committee.

The Bank Staff was commended for faithful and efficient service. A new booklet will soon be printed showing the Bank's excellent financial condition and the by-laws showing up to date depositing conditions.

An informative article was interestingly read by Edmond Vachon on the powers and responsibilities of our Grand Jury System.

## RED CROSS BLOODMOBILE AT NORWAY ARMORY, JULY 2

Extra demands for blood due to tornado disaster make it imperative that all possible donors contact Mrs. Dana Douglass Jr. or Mrs. John Howe to make appointments for the coming visit of the bloodmobile.

## DO WE WANT A-BAZAAR?

A special meeting will be held at 8 p. m. at the Legion Rooms Monday, June 22, of all interested participants of previous bazaars to determine whether or not public sentiment will support a bazaar this year. A few faithful workers met Wednesday night pursuant to the Legion's call but not enough to warrant any decision though most were in favor of it if it could be run with enthusiasm. Also anyone with new ideas for entertaining features is welcome.

## ROAD IMPROVEMENT

Lower High Street was resurfaced and graded last week and two catch basins installed to eliminate the nearly impassable conditions which have bothered there for some time after rains, especially during the winter. The improved section will be tarred soon.

Lover's Lane is now being conditioned for a tar application early next month.

## 41 PRESENTED DIPLOMAS IN CRESCENT PARK SCHOOL GRADUATION

The Crescent Park School Graduation exercises were held on Thursday evening, June 11, at the William Bingham Gymnasium. A class of forty-one students were presented diplomas by Superintendent Donald Christie.

The graduation program, presented under the theme, "The Class of '50 Remembers," was a historical review in two parts. First by a series of news bulletins, important world-wide events were presented in several different scenes. Second, several students recalled the memories of the class during their primary and grammar school years. The program was an entirely original one, prepared and written by the class, under the direction of their teacher, Charles Chapman.

Special work on the graduation was done by the following committees: Tickets—Lorraine Billings, Keith Bennett. Programs—Lorraine Leighton, Eva Merrill. Stage Decorations—Kenneth Nowlin, Keith Bartlett, Dennis Robertson, Walter Kittredge. Three underclassmen helped with special activities, as follows: Lights—Melvin Jodrey, Kenneth Roberts. Spot Light, Richard Saunders. Curtain and Sound effects, Betty Lou York.

Class roll: Suzanne Angeline, Donna J. Bartlett, Keith B. Bartlett, Roberta R. Bean, Keith W. Bennett, E. Lorraine Billings, Myrna E. Blake, Marion F. Buck, June F. Burriss, Catherine Carver, John R. ## PLAYERS TO PRESENT MELODRAMA AND DANCE

The Bethel Players are in rehearsal on the one-act melodrama, Desperate Desmond's Dastardly Deed. They hope to present it, in conjunction with a square dance, sometime the last of this month.

There are several new faces in the cast, such as Howard Cole, the Dastardly One; Margaret Trind, as the poor innocent Country Maid; and Vern Smiley as the one that shoots the villain in the end.

The Bethel Extension Service Evening Group will meet at the Methodist Church Tuesday evening, June 24, at 7:30. The subject is Keeping Fit with Proteins. The Home Demonstration Agent will be present. Members will bring sandwiches or cake.

## The Week in Oxford County

The school committee of Hebron recently voted to discontinue the sub-primary grade. All children entering school must be six years of age by January 1.

Bernard Belakia, Burgess Hill, Rumford, was awarded \$500 in damage suit against the town of Rumford. The case evolved from a drainage ditch across his land.

Roland McMillan of Rumford and Miss Mary Dunham of Bryant Pond were injured when the car in which they were riding left the road near South Paris Sunday. McMillan was confined to the Norway hospital with lacerations and contusion. Miss Dunham suffered bruises.

Mrs. Ethel Purkis of Buckfield has been chosen to represent our Extension Group at the National Home Demonstration Council Convention in Boston in August.

Mrs. Gilberta Percival, home economics instructor at Buckfield

high school has been appointed district advisor of Future Homemakers of America in Androscoggin, Franklin and Oxford Counties.

Mr. and Mrs. Wilfred Perkins of High St. Oxford, observed their 50th wedding anniversary Monday. Mr. Perkins has been prominent in town affairs holding various offices.

The town of Paris, at a special meeting Monday night, voted to construct a high school and gymnasium at South Paris. The high school will be 16 rooms one story of cinder block brick faced. The building will be 213 feet long and 38 feet wide, the heat will be forced hot air. A gym as planned will be 100x97 feet with a basement. It will be steam heated. Thomas J. Marland of Portland was low bidder on the project. Estimated cost is \$240,332.54. Work will start immediately.

How Goes Niagara?

The five big private electric companies that supply nearly all the homes, businesses and industries in New York State are doing what the economic planners in this country said couldn't be done. They are proposing to build a giant \$300,000,000 power producing project on the Niagara River using water from three miles above the mighty falls, financing it with their own money. The economic planners, whose goal has been the socialization of the entire U. S. electric power industry, have contended the federal government must build the big power projects because private companies do not have the necessary financial resources.

It is true that no single private company can match the federal government's ability to spend multi-million-dollar amounts collected from the taxpayers. But groups of private companies operating in a single state or region can finance any feasible project. And that is what they are proposing to do at Niagara. Some of the "Public Power" supporters in Congress never thought the government, and not private enterprise, to build and own and operate the proposed new Niagara power plant. The issue, therefore, is a clear choice between government and private ownership.

**Taxes and Taxes**  
Government ownership would mean the spending of \$300,000,000, and probably a great deal more, of the taxpayers' money. Government construction costs and operating costs are notoriously high. Finally a project estimated by government people to cost \$100,000,000 actually costs about twice that amount before the U. S. Treasury gets its hands on the bill. With the government doing it, the Niagara project likely would cost somewhere half a billion and one in operation, it wouldn't be a taxpayer's dream.

If the private companies are permitted to build it, the hundreds of millions paid by taxpayers will be available for other heavy expenditures of government. And when fully completed the Niagara project, if owned by the private enterprise, will pay an estimated \$23,000,000 in new tax money each year.

**Private Enterprise**  
Other private companies recently have combined to finance developments which the "Public Power" proponents said couldn't be done by private enterprise. Five private companies in the Paducah, Ky., area pooled resources to build a giant 600,000 kw steam plant to serve a new atomic arsenal now under construction; and approximately 20 companies in the Ohio Valley joined forces to build a power project to serve another huge atomic plant in both instances, the Public Power advocates had said the job was "too big for private enterprise."

Niagara is a spectacular challenge to American industrial ingenuity. In this a private company, the Niagara Mohawk Power Corp., pioneered water power development when it installed the Adams station just above the falls. Later other stations were built. These utilized all the water for power permitted under an agreement with Canada. In 1933, a new agreement permitted use of additional water above the falls. Thus the power production can now be raised from 40,000 to 1,200,000 kilowatts.

**Barriers and Safety**  
The private companies operating at Niagara over the years have developed, through pilot plant experimentation, a method of tunneling the water from the river above the falls to generating equipment several miles downstream. The operation will not affect the tremendous beauty of the world's famous cataract. But to our millions of long-suffering taxpayers the best thing about the private companies' plan for the Niagara project is that it will save at least \$250,000,000 in tax money. It will do something else, too.

## DALE CARNEGIE

AUTHOR OF "HOW TO STOP WORRYING AND START LIVING"

MILTON M. DONAHUE, 219 West Walnut Street, Tipp City, Ohio, at an early age was taught by his parents to kneel at the side of his bed at night and pray.

As a youngster about five years old, he began to make visits to an aunt and uncle's home in Springfield, Ohio. While visiting there, he slept with their youngest son Mike who was older than he. At night when saying his prayers Mike would recite the Lord's Prayer and Mike would say, "Many times during their lives, even after reaching manhood, this was still a great joy with Mike."

But Mike went into the army. In 1945 just after the Battle of the Bulge his aunt received a letter from him which Milton read. One paragraph ran as follows: "Mom, the other night a strange thing happened. As you know during the major campaigns I have been in I have been scared almost to death. This particular night we were attacked and shelled unmercifully. One large shell hit very close to our shell crater dug-out. The next thing I knew I was on top of the ground, on my knees praying to God. Prayers that I did not think were in me. Mom, I was not praying to be saved from dying or from injury but to be forgiven for the many wrongs I have done. Be sure to tell Irish (meaning Milton) about this and he will know what I mean."

"Mike, lacking sentiment, always signed previous letters just 'Bye Mom.' This letter was signed, 'Bye Mom, God bless you and pray for me.'"

This experience of Mike's makes us all realize that to conquer worry or to accomplish almost anything in life we have to have faith; faith in ourselves, and most of all, faith in a Merciful God.

## Economic Highlights . . . . .

Happenings That Affect the Future of Every Individual — National and International Problems Inseparable From Local Welfare

Things are changing, gradually but surely, in Washington today. That old source of apparently endless manna, the U. S. Treasury, is talking on a new look.

U. S. News and World Report opened a feature article on what

is happening with these words, "Getting something for nothing out of the government isn't as easy as it once was."

"The change will be hitting home before long. It will mean fewer services of many kinds, less federal money for hospitals, power, Army bases, airports."

"Effects will be felt by farmers, businessmen, politicians, workers."

## ACROSS the DESK

Editor's Note: The following essay was written by a Cedarburg, Colorado, citizen, and was printed in the Congressional Record.

**THE WEALTH OF A SMALL TOWN**  
"A small town is where everybody knows your business and yet they will make it their business if anyone in the community needs help. It is where the folks will talk about you and then talk for you when the chips are down. It is where there has to be a fire to get anyone on the streets after 9 o'clock and yet there will be square dancing until 2 o'clock in the morning and not dependent on hot music and cold drinks to keep up the friendly spirits."

"In a small town there is a common bond during a disaster and a common thankfulness for rain, or a beautiful day, or a new fire hydrant. There is little thought paid to social position and the judging of a man is done on his own value—the deep values."

"It is where a person speaks to his friend as many times as he sees him during the day, not worrying over the social graces as to whether they have already greeted each other previously. It is where a neighbor's hurt becomes your hurt."

"The freedom and dignity of the individual is practiced in a small town without a lot of paid coaching by experts who think they know the minds of men. A man expects

## CONGRESSIONAL

Q—What proportion of the armed services are physicians?  
A—The Army has 3.66 per thousand, the Navy 4.23 and the Air Force 3.76. The Defense Department has told Congress it plans to lower the overall ratio to 3.3 per thousand.

Q—Do many Russians and their satellites listen to the Voice of America?  
A—No one this side of the Iron Curtain knows for sure, but Dr. Leo Lowenthal, chief Voice evaluator, on May 11 offered a Congressional subcommittee the "conservative" estimate that half the people in Communist lands listen "fairly regularly." Others have been less confident of the Voice's effectiveness.

Q—What did Justice's comment mean when he said "the American Constitution was framed for an independent State?"  
A—He said that, at the time the Constitution was drafted, "Americans did not want to have anything to do with Europe." Comparing the British and American systems, he pointed out that the Prime Minister's policies are the government's policies, while in the U. S. "power is divided between the Administration and Congress."

A President can make only limited commitments in foreign relations, since many agreements need Congressional approval through treaty ratification, or implementation through appropriations and other action. One famous example of Congress blocking a President occurred when the Senate refused to ratify Wilson's Versailles treaty.

Q—Is the Chief Justice's pay check any fatter than those drawn by other Supreme Court Justices?  
A—His colleagues on the highest bench earn \$23,000 a year, while he receives \$25,000. The pay bill now pending in Congress would widen this margin by raising the Associate Justices \$10,000 to the \$33,000 level, and giving the Chief Justice a \$15,000 increase, to \$40,000. (Copyright 1953, Congressional Quarterly)

On my desk is a campaign handbook of the Socialist Party. Point No. 1 of the platform reads: "Nationalization of our natural resources beginning with the coal mines and water sites." Also on my desk is the publication of the "Public Ownership League." It dedicates the league to achieving a "public ownership system for the coal, iron, copper, and other minerals of the United States and Canada." The Socialist Party frankly says that government control of power is an essential first step into a Socialist government. The "Public Ownership League" knows this but doesn't say it. Private companies with imagination and courage can thwart the Socialist Party and its companion, the "Public Ownership League." In working at it, they need the support of an informed citizenry."

## LOW DOWN FROM HICKORY GROVE

To bring our Govt. back home is close to being our prime job. If anybody needs to know the prospects of a good or poor cranberry crop, New England and the Pacific Northwest can do the predicting. If there is any good to come from a prediction which it is like the Weather Bureau, you will catch on. It is an expensive luxury. If you wear your straw hat when the prediction is for sunshine, you understand.

But cranberries, that is the topic. Congress dives into floors, ceilings, prospects and what not to do or do. And of the 96 senators, 80 of 'em never saw a cranberry bog — but they legislate. Just as if they were hop. But Govt. has a foot in so many doors and so far from home that it is no wonder Sambo's feet hurt—his nerves are frazzled—and he is in debt to his chin and the water still rising. He has budget nightmares.

Now friends and neighbors, it is time to put a foot own. If we need a new school house, if we want to raise or lower a teacher's salary, we know here in Hickory all about it. Bowling low and galling Big Govt. for almost tant American-like. Keeping the marines, the army, and the navy in fettle is plenty for Mr. Ike. The governors and mayors can do the local stuff. Sambo, that way, could maybe get some sleep. Yours with the low down,  
JO SERRA

Just about everybody, including 60,000,000 taxpayers."

Some of these cuts will involve very large sums of money. Some will involve relatively small sums. But, whether the scale be big or little, the pruning is reaching into almost every government office.

U. S. News gave a summary of where cost reductions may be expected. Here are some examples:

**Electric Power:** Federal activities in this field will be curbed. There will be fewer, if any, of the extremely costly multi-purpose dams which were so strongly favored by the Roosevelt-Truman Administrations.

**Health:** Fewer government-financed hospitals will be built, and there will be a reduction in grants for public health projects. Government research into cancer, heart disease and other killing and disabling afflictions will continue, but won't be expanded.

**Weather:** The service will be continued as now, but 100 stations will be closed.

**Housing:** The program will be cut back substantially.

**Research:** The government will be less active in this field, will spend less money.

**Air Travel:** Expansion of government-built facilities and aids to air travel will slow. There is strong sentiment for charging the commercial airlines for the use of these facilities. Cities and towns will have small chance to obtain federal funds for building new airports.

**Commercial Services:** There will be a reduction in the technical, information and census services for business organizations.

The point is that the current economy drive is all-inclusive, regardless of what groups it affects. It is not based on the idea of economy for the few—it is based on the idea of economy for all. It will be resisted, and strongly, by individuals and organizations which have long been used to getting "free" federal funds. The heat will be turned on Congress to keep money flowing out. However, U. S. News observes, "This time, though, the men in Congress are in a mood to cut back. Change is on its way."

That change, of course, is being forced by the fact that our fiscal set-up in its about as bad a shape as anyone can imagine. The new administration knew it would be a mighty tough problem—and it has turned out to be even tougher than was expected. The time has come when, figuratively speaking, the nickels must be watched no less than the dollars, for the people are demanding tax reduction.

## GRASS ROOTS OPINION

Cameron, Wise, Barron County Leader: "This newspaper favors a decrease in taxes (which can be effected by cutting the fat from government); an end to all forms of socialism in this republic; an American foreign policy based on common sense rather than dollar diplomacy; and re-dedication to that fundamental American concept, 'that nation is best governed which is least governed.'"

Coatesville, Pa. Record: "Despite dire predictions from some prophets of gloom, the lifting of ceilings was not accomplished by skyrocketing prices and an upward churning of the inflationary spiral. The wholesale price level has stayed virtually unchanged and consumer prices are continuing downward."

After, N. M., Independent-Review: "It may be contended that Communism hasn't gotten very far in this country but it hasn't hurt the communist cause to have people think the government should supply us with everything we want."

Lake Worth, Fla., Herald: "The era of citizens living off public funds came into being during the past two decades. It has been a popular sport for many and sundry to climb onto the public feed wagon and not even bother about not letting their feet drag."

## VANISHING WILL-O'-THE-WISP

## Scanning the NEWS

**PRESIDENT EISENHOWER**, who as the nation's chief executive makes United States foreign policy, and Senator Robert Taft of Ohio, have expressed differences of opinion on the subject of Korea and the United Nations.

This difference could mean a great deal in the future, or it could mean nothing. As the President expressed it, Mr. Taft has every right to form and express his own opinions.

This sharp difference of opinion between the President and the Senator, called the most powerful figure in Washington excepting, of course, the Chief Executive, came about when the Ohio senator said in a recent speech that if negotiations fall in Korea the U. S. should tell England and other Allied nations "we are withdrawing from all further peace negotiations in Korea."

Senator Taft added, "I believe in the United Nations myself, but not as an effective means to prevent aggression." He then asserted that the U. S. "might as well abandon any idea of working with the United Nations in the East and reserve to ourselves a completely free hand."

World leaders and political observers waited anxiously for the President's reply to these statements. When it came it was blunt. The President asserted he believed in the United Nations and his policy would be to cooperate with the U. N.

Then he landed the most telling point in their difference of opinions. Go it alone in one part of the world, he said, and we will have to go it alone in all parts of the world. The President indicated that if compromise is necessary

ple think the government should supply us with everything we want."

Lake Worth, Fla., Herald: "The era of citizens living off public funds came into being during the past two decades. It has been a popular sport for many and sundry to climb onto the public feed wagon and not even bother about not letting their feet drag."

His detailed explanation of what the \$500,000,000 cut entailed should week.

Thursday, June 18

The Lord thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy. (Zephaniah 3:17.) Read Ephesians 3:14-21.

WE may be assured that the Christian today has absolute right to claim the promise made to the righteous long ago. God spreads His Word before us like a map by which to travel. His points out definitely the destination.

Occasionally He makes a statement so forceful that we feel its impact in our innermost being. The above text is an example. We say the words. We test their strength. We stand assured of victorious and triumphant living because of that pillar of strength within us. With God in our midst, we cannot be moved.

When the going is rough, let us say it over and over: "The Lord thy God in the midst of thee is mighty." When sorrow and suffering seem overwhelming, we can repeat that blessed assurance until we take on the might at our disposal, and use it for the glory of God who so freely and fully sustains us.

## Prayer

Lord God, Thou knowest how weak we would be without Thy constant companionship, how prone to despair in the face of trouble. Implant Thy Spirit within our hearts that we may move forward, strong and purposeful, because of Thy inner, sustaining might. In His name. Amen.

Thought For The Day  
I will lay hold of God's eternal life. —Grace Noll Crowell, Poet

## ALUMNI DAY AT GOULD

Around 20 alumni assembled for their annual meeting in Hancock Hall on Saturday, June 13. Besides routine affairs the sum of \$450 was voted for scholarship aid in the coming year. A committee was set up to look into ways and means of helping to improve the Gould Library.

At Alumni Dinner 275 enjoyed the good food, the music and the speeches. Virginia Davis Keniston, president of the Alumni Association, was master of ceremonies. Mr. Ireland gave a brief review of the year's progress in school. Dr. Arthur A. Water brought greetings from Mr. Bingham and Edward Hastings, president of 1953, reported for his class. Ermo H. Condit, Deputy Commissioner of Education in Maine, was guest speaker and was greatly enjoyed by the audience. Dick Emery, 1953, played his original piano composition, "Tribute to Interlude" and a Gertrude Impromptu. Stanley Davis, leading group singings provided enjoyable entertainment between courses but the class of 1953 literally "ate the show" with their "western" quartet, made up of Erwin Bacon, Dick Emery, David Ault and Frank Linnell with his guitar.

New William Penner of Goshen, Conn. whose son was an honor student of the graduating class, gave the invocation and the benediction.

Among the alumni of the reunion classes were:

1883-43 Susan Frost Edwards, Tena Morrow Foster, Mary Hutchins Clark.

DAIRYMEN MAKING GRASS

SILAGE NOW

Maine dairymen are getting the surplus, high, green grass and legumes from their fields and pastures into grass silage now. They find that early-cut silage makes the most economical and nutritious feed for dairy and beef cattle. Both trench and upright silos are being used, and the silage being stored in a pile on the ground. Some farmers use preservatives and some don't, but they all agree that it's grass silage time.

## Bethel CALSO Station

I have been reminded of the old quotation "the mills of the Gods work slow but they grind exceedingly fine." In my last article I mentioned that this place was supposed to be fixed up but I had seen no action yet and low and behold someone must have read this ad for not one but two contractors have been here within the last four days and have taken estimates for the work.

I have some plastic strips for the windshields of cars that are guaranteed to work and to make your driving easier. Of course you have to get used to them first and by the time you get used to them the guarantee has run out so you are going to get beat whichever you turn.

## Exide Batteries

If they work, call a garage, something must be wrong.

## Kelly Tires

High mileage for a low price.

## RPM Oils

One complaint so far. The only customer I have had:

## POLISHES AND WAXES

Best on the market which is hard up.

PHONE 218 Couldn't find it if it did ring.

## Announcement

It is with pleasure that I announce the sale of my general insurance business as of June 15, 1953, to Stuart W. Goodwin and Robert W. Goodwin, doing business as Goodwin's Inc., 158 Main Street, Norway, Maine. From the above date on, I shall no longer be engaged in the insurance business.

It is my sincere wish that all of my customers will extend to this well established agency the same loyalty and confidence which I have enjoyed. I can assure you that your accounts will be serviced intelligently and efficiently. I wish to thank all my customers for the business they have placed with me in the past.

BETHEL JR. LEGION WINS AT NORWAY 6-1

Howdie Rolfe of Bethel and Dick Dyer of Norway both pitched excellent ball last night, but Howdie and his mates won. Rolfe gave up four hits, one run and struck out 16. Dyer gave up eight hits, six runs and struck out 15.

Onofrio hit the first pitch of the ball game for a solid triple, and then scored on a passed ball. Through the first five innings it was a two to nothing game, then, with two out, White, Murphy, Bowers, Farren and Rolfe hit safely and Roberts reached first on an error. When the inning was over four runs had scored.

## BETHEL A. C. LOSE-TIE

## IN FIRST TWO PTL CONTESTS

The Bethel A. C. toured to Bryant Pond Sunday afternoon and lost a 7-6 ten inning ball game to the Bryant Pond pastimers. Bob Buker pitched the whole game for Bethel while Eddie Hoge and Don Whitman shared the winners mound chores.

On Wednesday Bethel entertained Locke Mills on Thurston Field and had to be satisfied with a 4-4 tie despite the fact that Bethel out-hit the visitors 10-6. Bases on balls and fielding lapses in crucial spots hampered the Bethel cause. Herbert Lyon and Lionel Coulombs shared Bethel mound duties and Guy Parker went the distance for Locke Mills.

CIRCULAR ON CONTROL OF GARDEN INSECTS, DISEASES

Home gardeners and commercial vegetable growers in Maine may obtain free copies of Maine Extension Circular 230, "How to Control Garden Insects and Diseases" from their county agents. Copies may also be obtained from the Agricultural Extension Service, University of Maine, Orono. The circular covers identifying and controlling all insects and diseases commonly found on Maine vegetables.

Yellow racket is a weed which is spreading rapidly in Maine. It can be controlled by hand pulling, cutting off with a spud, spot spraying with 2,4-D or MCP, or mowing when in bloom and again two weeks later.

The Pine Tree State is known for its forest resources. Forestry is a very important source of income for Maine people. Keep Maine Green.

## WORTH REPEATING

"No one has a right to expect security at the expense of the labor of others....The Constitution is a cash-and-carry document. Nowhere within its pages, not once, is charity mentioned. That was definitely left to the individual."—Rep John T Wood (Idaho).

## "No matter who benefits first

from lower production costs, experience shows that the boot, will eventually be felt by all. For greater productivity means, in the end, more goods, probably at lower prices; less sweat, less danger, better working conditions and more harmony."—Boston Globe.

**SLENDER** food budgets can be stretched and meals made interesting by making plentiful use of the following food-saving tips:

Poultry and meat leftovers should be stored as quickly after their serving as possible to prevent spoilage. When large enough pieces are available, serve sliced or heat in sauce or gravy.

Small chunks and pieces of meat go well in hearty salads, quick stews, hash or spaghetti dishes. Tag ends of meat and poultry can be utilized in omelets, stuffed peppers or tomatoes, croquettes, etc. Use a food grinder to get them easily into small pieces.

Bones and small pieces of meat can always be simmered with green or yellow vegetables, potatoes, goodies, beans or rice to make hearty, nourishing soups.

Save your drippings and refrigerate them. They're tasty to use for sauteeing white or sweet potatoes.

### Recipe of the Week

#### Blue Cheese Dressing

(Makes 1 cup)

1 small clove garlic, sliced  
1 tablespoon minced onion  
½ cup salad oil  
½ cup of lemon juice or vinegar  
2 ounces blue cheese  
1 teaspoon paprika  
1 teaspoon sugar  
1½ teaspoons salt

Add onion and garlic to oil; let stand for an hour. Remove from oil and discard garlic. Cream blue cheese to a paste, adding oil gradually, stirring constantly to keep the mixture as smooth as possible. Add remaining ingredients and beat or shake in a tightly covered jar until well blended. Serve on salad greens or vegetable salad.

Peas, tomato or onion slices, apple rings, eggs, French toast, bananas or fish.

Drippings from ham, sausage or bacon are especially tasty when they're used for seasoning green or lima bean dishes, cooked greens, Spanish rice or scalloped potatoes. What about leftover rolls? Split, butter and toast them under the broiler. If desired, sprinkle them with celery, caraway or poppy seed or grated cheese before broiling for a most delicious flavor.

Use a combination of leftover fruits and berries as a topping for a bowl of cereal. Leftover canned cereals are good in this way, too.

"The House of Representatives, though a majority of its members are heavily committed to economy, has found it difficult to decide just where to trim government expenses, and has ended by adding \$15 million to one departmental appropriation bill,"—Christian Science Monitor.

Seems good to see Mrs Mabel Becker home and out working among her flowers as we go by.

Howard Waterhouse is home from the U. of M. and was a caller at Roger Reynolds Sunday.

John Carter was on the Sunday River road one day this week taking valuation. Seems a bit late but better late than never so they say.

I thank Charles Chapman should be congratulated on his eighth grade graduation. It was lovely. They all looked wonderful and each one did his part fine.

## ALBANY - WATERFORD MAGALLOWAY

—Lillian L. Brown, Corres.—

This community was saddened by the death of Ralph Knight who was a friend to every one. Mr Knight had everything in the world to live for except good health. Much sympathy goes out to his widow who has devoted all her time for his comfort and welfare during the past years.

Edith Holt and Charlie Merrill bought a manure spreader in Dixfield recently.

Don Brown has swapped his truck for a GMC truck which is being used on a road job near Gilthead and driven by Kenneth Farrington.

Thirty-two relatives and friends called on the Ernest Browns during the week end.

Albert Skillings and son of Bethel were in this place recently on business.

Many from this section attended Commencement Exercises at Gould Academy Sunday where Barbara Brown, Roberta Heath and Kermit Merrill were members of the graduating class.

## NORTH NEWRY

—Mrs. Roy Tripp, Corres.—

Miss Edna Reynolds of Portland visited Miss Carrie Wight recently.

Mrs Frank Vail is at Livermore Falls caring for "Mike" Parsons and daughter, who are confined with scarlet fever.

Bobby Colby is visiting his grandfather, Frank Vail.

Mrs Alvin Gross and children, Glendon and Kendall, are visiting her parents, Mr and Mrs Fred Carson, at Danville, Vt.

Mrs Leo Garneau and children are visiting relatives in town.

William Cannon, GMI, and Henri Hayner, MEI, of the USS Skylark, New London, Conn., are spending the week with Mr and Mrs Roy Tripp and family.

## SOUTH ALBANY

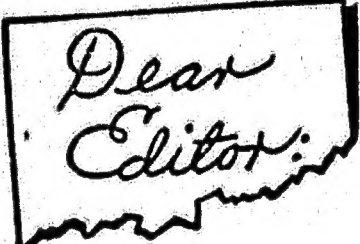

—Mrs. Roy Wardwell, Corres.—

Mrs Alice Gammon and daughter Evelyn from Norway were callers at Roy Wardwell's Wednesday. Roy Kimball from Waterford was a supper guest of his cousin and husband, Mr and Mrs R G Wardwell, Wednesday night.

Mr and Mrs Omar Giberson from Bingham called on her father, Leon L. Kimball, Monday.

Grace Kimball who has been attending school at Bingham has come to spend the summer with her parents, Mr and Mrs Ivan Kimball at East Waterford.

Mr and Mrs Arthur E Wardwell, Jean and Jane, spent the week end at Bryant Pond.

### VOLUNTEERS OF AMERICA SEEKS LOCAL SUPPORT

Have you ever noticed that when a child's smile appears after a period of sadness, it is like the sun breaking through the clouds after a storm?

Have you ever had that wonderful feeling that comes from helping someone less fortunate than yourself?

From all over the State of Maine come requests from doctors and welfare officers, who ask the Volunteers of America to take needy children to the Pine Point Camp.

Last year, some 450 children enjoyed themselves, many for the first time in their lives, frolicking in the safe playgrounds, splashing in the surf, and basking in the sun. Regular, balanced meals built sturdy bone and muscle. Loving care and wholesome sleep relaxed fretful children. Under the supervision of dedicated leaders these children learned that they were not alone in the world. They learned to work together and to play together as children should.

It costs \$40 per child for a two-week period, exclusive of their transportation. The Volunteers of America will need your help if they are to carry on this year.

Won't you help give a chance to needy children from our local area.

Major and Mrs. Sidney Dyke, Sylvia and Alan, of Fort Bragg, S. C., are spending three weeks with relatives in town.

Charles Smith is spending a few days with his parents, Mr. and Mrs. Edmund Smith. He will go to Fort Ethen Allen, Vt., with his company from Amherst College for summer military training.

Maine communities? Won't you help to bring the sun out from behind the clouds and put the smiles on the faces of these children who smile so seldom?

Contributions may be given to D. Grover Brooks, the local treasurer.

The Bethel Malmag Company was awarded a round trip to Wichita, Kansas. Mr. Bean was the representative of the Company.

Part of the trip included a tour of the tremendous manufacturing facilities of the Coleman Company, in Wichita. In addition, Mr. Bean attended classes at the University of Wichita, where he studied advanced engineering and techniques of heating and air conditioning.

Mr. Bean left via airplane from Portland to New York and from there to Wichita.

Nelson & Small, Inc., of Portland, Maine, and The Coleman Company of Wichita, were co-sponsors of this unusual event.
